	Plant a tree awareness campaign	8

### **7.1.6.1. The institutional environment and energy initiatives are confirmed through the following**

#### **1. Green audit**

AAA College of Engineering and Technology was established in the year 2013 in the outskirts of Amathur, Sivakasi taluk. Since the establishment of the college from 2013, this area had been sculpted greener by the local bodies involved in teams at every venture. The college is a boon for the local people by offering employability at all levels. This population accounts for 75% of the people employed here. College buses ply and cover 90% of the Virudhunagar district from the campus.

Assured green campus and audit is directly linked to the resource consumption, concern towards eco-friendly administration, resource depletion, and recycling of the products and resources. This green audit unveils deftly the activities inside the campus to ensure utilization of green resources and self-analysis of the campus greenery. This detailed report also explores the policies adopted in maintaining the sustainability and bio diversity of the campus flora and fauna to the maximal extent.

Eco and nature club had been formed by the team comprising of the Principal, HOD/Civil and staff members from civil engineering department. Green audit is identified as systematic development, ensuring biodiversity and sustainable building construction which is directly linked with the health of inhabitants and outsiders near the campus. Our college authority ensures policies and practices to preserve the gifts of natural green cover. Green audit had been formulated to ensure “No Plastic Zone “campus and stick to minimal utilization of non-renewable resources. Specific objective has been framed to preserve water, waste management, paperless work, alternative energy, and mapping of biodiversity. The criteria, methods, and recommendations used in this research minds the healthy inhabitants in and around the College. The complete green audit report can be viewed by clicking the link below.

#### **2. Energy & Environment audit**

AAA College of Engineering and Technology, Sivakasi is a renowned college for technical education. It aims at providing good quality of education to the students. The College has a moto of Aspire, Attain and Achieve. It is situated at the Sivakasi-Virudhunagar High Road and it is 17 kilometers from Sivakasi. The College was started in

the year 2013. A detailed report on energy and environmental audit mainly covers the electrical power distributed along the college and the energy audit process. The process ensures that the environment is pollution free and the Institution maintains the greenery environment. The complete Energy and Environment audit report can be viewed by clicking the link below.
